The Committees listed above are responsible for providing and serving the food for various School Friends activities. The first name on the committee, marked with an asterisk (*), is responsible for notifying each of the families on the committee to let them know what day they serve and what they will need to bring. The School Friends Secretary (Kelly Reese) will communicate with the chairperson a couple of weeks prior to that activity to assist in planning. Committee members are in charge of providing food, serving, and cleanup. We count on St. Peter's families to help at their designated activity. If you cannot serve on the date listed above, please find a family to trade with you. With each family's support and cooperation, School Friends will continue to be an effective Christian organization to encourage our children in learning God's plan for life.
